TRANSFERS: Marcie Mader to Nest Realty and Megan Miller to Monroe Properties

Current Primary Membership: 410

Bylaws vote on September 14 results were 88 votes with 78 yes and 9 no. Bylaws will be amended.

Election results from September 14 were 87 voting, all positions for 2024 were elected. Thank you to everyone who voted. We will work in the future to use a voting plan so you don't have to print, scan and return ballots, making the process easier.

Attached is the link to VAR site for information on Healthcare Resources. This is not a VAR health plan, but rather information on options for various plans.

Community Service "REALTORS Raisin' A Ruckus" on September 14 was a success and we will present checks to the two beneficiaries at the Installation Lunch. Thank you to all members and Affiliates for the donations and work that made the event a success.

Conversion to SentiLock is moving forward with ekeys being activated this week. Training information will go out the week of October 9. Lockboxes will be shipped to offices the week of October 16. I will send out a deadline date for return of Supra boxes, but anticipate it to be by the middle of November. Supra boxes may be returned at any time. Reminder that it is not a swap for new boxes, there are no credits or returns on Supra boxes coming to GAAR or members. They will be mass shipped back to Supra when we have a date for return. The annual fee that you pay now to SentiLock will run until one year from that payment date. We will be cutting off the Supra access/billing as soon as we know boxes have been removed from listings. Again, this will likely be the middle of November so you may see billing for the end of October from Supra. We cannot remove individual accounts from Supra. It will be stopped at one time for the entire Association.
